EAST CENTRAL STATE NORMAL CONTRACT LET

CONTRACT AWARDED TO TEXAS CONSTRUCTION CO., OF FT. WORTH FOR \$94,700.

FIRST STORY OF FRONT TO BE OF GRANITE

Work to Begin Immediately on Big Structure. Will Be Most Substantial College Building in the State.

The contract for the East Central State Normal located at Ada has just been let to the Texas Construction Co. of Ft. Worth. The contract price, \$94,700. This was the lowest bid. The bid of the Campbell-Dority Co., the builders of the Weatherford State Normal, of which the Ada Normal will be nearly a duplicate, except for the granite improvement, was the next lowest bid.

The several bids for this contract were opened yesterday by the state board of public affairs, but the board not being satisfied with the architectural appearance of the lower story the granite improvement was ordered on which bids were again received today.

Hon. Ed S. Vaughn, attorney for the M. K. & T. and Hon. C. H. Ennis attorney for the same road, are looking after professional duties in Ada.

DOES APPEAR THAT ADA IS FATED TO BECOME LARGE CITY

A meeting of strong prospect of great consequence to the city of Ada occurred this morning in which there participated only a few business citizens of Ada and certain strangers. One of the strangers in question was a gentleman of national reputation, having held one of the principal offices of the nation and is reputed to be of very sound financial and business responsibility. The gentlemen who met a limited number of Ada business citizens made emphatic statement that they desired no newspaper publicity for themselves or plans whatever. The public is informed, however, that some of the more conservative citizens of Ada regard the prospect very good indeed that Ada, through these strangers, shall at an early date receive something which will build the city into one of the largest of the state.

Harriman Improving.

Arden, N. Y., Sept. 8.—Harriman's condition was not so grave today as to demand absolute quiet. Work was resumed today by the men engaged in completing his estate. However, every employee on the estate who would talk today said his condition is regarded by those about the place as extremely critical.

INDUSTRIAL SCHOOL NOT TO OPEN

CHICKASHA WILL NOT ADVANCE MONEY TO OPEN SCHOOL.

STATE NORMAL WILL OPEN AT ADA

Ada Advances \$10,000 to Support School Which Gives \$17,000 for Operating Expenses.

Guthrie, Ok., Sept. 8.—The girls' industrial school at Chickasha will not be opened this year unless the people there agree to finance it until the legislature meets in 1911. Opening had been announced for Monday last, and ten young ladies presented themselves for matriculation. The seven teachers employed by the board of managers, including H. B. Abernathy, the superintendent, can not be taken care of by the state in the way of employment, but their positions hold good when the school is opened.

From estimates given at the department of education it would require \$15,000 to operate the institution until the close of the school year in 1911, and, the understanding is, citizens of Chickasha will not advance the cash.

The legislature failed to make an appropriation for maintenance for the state normal school at Ada, as it did in the Chickasha case, but the citizens there put up \$10,000, added to which is \$7,000 received from rentals of school lands which will carry the institution through. The girls' industrial school has no school land endowment.

Republican State Committee.

Guthrie, Ok., Sept. 8.—Unless a meeting of the republican state committee is called in the immediate future, according to state Senator Emory Brownlee of Kingfisher, a majority of the state committee members will act in the election of a new state chairman. According to Senator Brownlee there seems to be general dissatisfaction among State Republicans over the management of party affairs during the last eighteen months, and there is desire for a change. The appointment of James A. Harris of Wagoner as acting state chairman during the absence of state chairman Norris, who is now in the Indian department service, is not relished, so says Senator Brownlee, and he ventures that the present officers appear to fear a committee meeting, knowing that the election of a new chairman is certain. Unless Harris acts or Norris acts, Senator Brownlee says, a majority of the committee will issue a call of its own. Who it would select for state chairman has not been determined.

HON. A. B. WATSON, CORPORATION COMMISSIONER HEARS PLEA OF ADA ICE CO.

B. F. FRICK OF ADA ICE PLANT DECLARES THAT UNLESS COMMISSION RESCINDS ITS ORDER REDUCING PRICES ON ICE THE PLANT MUST SHUT DOWN.

Hon. A. B. Watson, Oklahoma Corporation Commissioner, is again in the city in the interest of the ice consumers, but desirous that no injustice be done the Ada Ice and Fuel Co. of which Mr. B. F. Frick is manager.

The public will remember that some time ago, on the complaint of certain local ice consumers, Col Watson came to Ada and took evidence for the purpose of determining equity of the complaint through a hearing of the contents of all parties interested. A little later the commission, through Col. Watson, issued an order materially reducing the prices which should be charged for Ada ice. The Ada Ice Co. immediately declared it impossible to continue the manufacture of ice at such prices, protesting that it had lost money at the prices previously prevailing.

As suggested, Col. Watson permitted a rehearing and is here today for the purpose of going into the matter fully. Testimony is being taken at the court house.

The Ice Company is represented by Judge J. F. McKeel and Ross Tipton, the original complainant, by Senator R. M. Roddie.

Mr. Frick on the witness stand made affidavit that his plant had incurred the losses during two past seasons as indicated by the figures submitted by him in Tuesday evening's issue of the News. He declared he could better afford to sell ice at 40 cents, in the business district than 60 cents in the residence district and that in any event he could not make expenses on sales at any less prices. He admitted having demanded 80 cents a hundred pounds in the residence district unless coupon book was purchased, only for the reason that he was undertaking to enforce purchases of coupon books since he could only in that way maintain a check on the business transaction. He stated that he could not afford to sell ice at 50 cents a hundred at the plant as well as he could deliver it at the same price, since sale at the plant required the presence of one man to secure the ice and there was a loss when the storage room was opened. This manager stated that the approximate cost of manufacturing Ada ice was between \$5.00 and \$6.00 a ton. When asked why he continued to operate his plant at a loss, he stated that he only did so on the expectation that Ada would rapidly grow to be a larger city, when a larger plant would be constructed which could be operated at a price very above the price of operating the

Here it is! Our new showing of boy's fall School Suits

made in "Widow Jones" models

The patterns and styles are exclusive in designs. The boys will insist in having them because they are far superior to any others.

The coats have variation in the lapels, cuffs, pockets and flaps, representing all the season's innovations.

The Trousers of the Widow Jones School Suits are made with the patent adjuster, used exclusively by Widow Jones; suspenders are unnecessary. They have the fashionable "peg top" effect allowing perfect freedom of motion. They are lined thoroughly, they have taped and re-enforced seams, they wear longest. BRYAN AND HASKELL HOLD CONFERENCE

MEET IN MUSKOGEE AND HOLD EARNEST CONFERENCE.

Wm. J. Bryan and Gov. C. N. Haskell Held a Conference of Ten Minutes at Katy Depot This Morning—They Did not Discuss Politics.

No one else got a chance to talk to Mr. Bryan, and the conversation between himself and the governor was a confidential one. "Good-bye to everybody," cried Mr. Bryan, as he swung onto the train as it moved out, waving his hand at the few people who had recognized him. Mr. Bryan was on his way to Texas where he has a big farm, aside from some political engagements.

Governor Haskell said the meeting here was a coincidence and had no political significance. The fact that Mr. Bryan wired the governor requesting him to be at the station, if possible, does not bear out the coincidence very well, however. "We did not discuss politics at all," said the governor. "No. nothing whatever was said about democratic senators who voted with the republicans for protection and higher duties. We did not discuss anything in fact, that would be of interest to the public. It was merely a chat such as any two friends would have, and you couldn't make a political story out of it if you tried."

Haskell at Henrietta.

Henrietta, Ok., Sept. 8.—On account of Governor Haskell having other dates for September 6th, Henrietta pulled off its annual celebration Saturday in order to have the governor here as the principal speaker. Other speakers were Pete Hendratty and W. B. Hudson of this place.

In the course of Governor Haskell's speech he condemned the means and methods resorted to by the criminal rich to trample the rights of labor down to a mere existence. He told the people what they ought to have and what they were entitled to. He eulogized the legislature of Oklahoma and the state government in general. He took several shots at the Hearst combination.

PEARY HIMSELF COLOSSAL FAKIR

SERIOUS CHARGES REGISTERED BY CAPT. OSBORN TO PROTECT NAME OF COOK.

New York, Sept. 8.—Among the friends of Dr. Cook here, who rallied to his defense today was Captain H. S. Osborn, president of the Arctic Club of America, who in an interview attacked Peary's credibility and declared that evidence would be forthcoming shortly to support Dr. Cook's position and show that Peary's charges are unfounded. In the course of this interview Captain Osborn said: "Peary in making these charges is digging his own grave. He is a colossal fakir and his statements are a fabric of untruths. As soon as he sets foot in New York Mr. Bradley and myself will give out affidavits in support of our position."

"I have an affidavit stating that Peary opened Dr. Cook's trunks and took out his observations and data and that he opened a letter Dr. Cook had written to Mrs. Cook, read it, and then sealed it up again. Peary also wrote Mrs. Cook telling her boldly that her husband was a fakir."

PEARY ACCUSATION TO BE DENIED BY ESKIMOS

COMPANIONS ON POLAR TRIP
WILL BE BROUGHT BACK AS
WITNESSES.

DANES BELIEVE IN EXPLORER

Claimed by Cook That He Turned
Peary Men Out of One of His
Supply Depots.

New York, Sept. 8.—The follow-
ing dispatch was received here
early today:

"Indian Harbor, Labrador (by
wireless via Cape Race, N. F.)
Sept. 8.—To Melville E. Stone,
Associated Press, New York, N.
Y.: I have nailed the stars and
stripes to the north pole. This is
authoritative and correct. Cook's
story should not be taken too
seriously. The two Eskimos who
accompanied him say he went no
distance north and not out of
sight of land. Other members of
the tribe corroborate their story."
"Com. Robert E. Peary."

Copenhagen, Sept. 8.—Dr. Frederick
A. Cook is fitting out a ship with
the object of sending to Greenland
and bringing back his Eskimo com-
panions. Dr. Cook proposes to con-
front Commander Peary and qualified
experts with them as well as with his
scientific data. He is now dining in
the country and will not return to
Copenhagen until late this evening.
Dr. Cook told Capt. Sverdrup and
another friend the day he landed
here that he hoped there would be
no unpleasantness over supplies with
the Peary party; that he had found
some of Peary's men in possession of
one of his depots and had turned them
out unceremoniously.

It is settled that Cook will send
a ship back to bring to America the
two Eskimos who accompanied him
on the last stages of his journey to
the pole, as well as some of the party
who were sent back when the start
of the last stage began. Capt. Sverdrup
may command the expedition; it is
Dr. Cook's desire that he shall do
so, and they conferred for some
hours today regarding the details of
the expedition.

Dr. Cook's purpose in bringing his
Eskimo comrades to America is to
have them relate their stories of the
trip to the pole. He proposes to have
them examined by many men familiar
with the Arctic zone and the Eskimo
people, including the members of Peary's
party if they wish.

Dr. Cook Confident.

Dr. Cook's apparent confidence is
the greatest factor working for his
support in Copenhagen. Those who
have had the opportunity to talk with
him are only of one mind, that he is
an absolutely sincere, simple man
and deserves a pedestal in history.
He expresses the conviction that
time, even if there was no other evi-
dence, would confirm in his state-
ments, because with the rapid ad-
vance of the means of travel his
route would soon be visited by others
who could pass judgment on
his testimony.

Constitution of Iron.

If she tries simply to save herself
Dr. Cook's constitution is of iron.
In the last three nights he has aver-
aged 3 1-2 hours sleep, sitting up
to the small hours attending to his
correspondence and arising at 6
o'clock in the morning to resume his
task, but he shows no ill effects of
the strain. His engagements today
included a luncheon given in his hon-
or by the British Minister at the leg-
ation and a motor trip into the
country to attend a dinner given by
Mrs. Gammell, whose husband financ-
ed several Danish expeditions. There
he met several noted geographers
and other scientists. All day long dis-
patches from America regarding

Commander Peary's expedition, pour-
ed into Copenhagen.

Criticism of Peary.

The Politiken in its leader tonight
says:
"Danes, remembering Peary's bad
treatment of one of their own ex-
plorers, will not be surprised at his
attitude toward Dr. Cook."
The general attitude here is one
of suspended judgment until the evi-
dence is produced. Dr. Cook's lec-
tures before the Geographical Society
caused a profound disappointment be-
cause the people expected more con-
vincing proofs than Dr. Cook has
given. He contented himself in his
lecture in repeating what had already
appeared in the form of statements
to the newspapers. The enthusiasm
over the announcement of Peary's
success has not waned in the least.
Cook Expected in Brussels.

Brussels, Sept. 8.—Dr. Cook is ex-
pected to reach Brussels next Sat-
urday by way of Flushing. According
to the understanding here he will
return to Flushing Sunday and con-
tinue thence to New York.

The explorer is expected to be
present at two receptions, one given
by the director of the Royal Observ-
atory in the afternoon and the sec-
ond by Premier Beernaert in the
evening.

WOMAN MURDERER.

Shackled and Led by Chain Appears
Before Supreme Court—Guthrie
Society Women Turn Out.

Guthrie, Ok., Sept. 8.—The habeas
corpus writ of Forrest Cecil Mingle,
convicted murder of Mrs. Pearl Pear-
son of Oklahoma City, was argued in
the criminal court Wednesday after-
noon. E. J. Giddings, Mingles' coun-
sel, appeared for his client.

The appeal for Mingle is based
on the claim that presiding judge
J. J. Carney left Oklahoma coun-
ty during the trial. This, it is claim-
ed, invalidates the proceedings.
The "harmless error" precedent es-
tablished by the criminal court mil-
lities against this position, however.
The state's attorney claims that it
comes under the head of technicalities,
that really have no direct bearing
on the case.

Been Managers of Ada Ball
Team Last Year for \$107.

The case of S. E. Chapman vs. Ollie
Lancaster and Charlie Ellis has been
before the court most of the day. The
suit was brought to recover amount
due for board at the Chapman hotel
of the Ada ball team last year dur-
ing which time it was alleged that
defendants had made contract for the
boys' board as managers of the Ada
ball team. The jury awarded ver-
dict for full amount.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity. Cat-
arrh being a constitutional disease,
requires a constitutional treatment.
Hall's Catarrh Cure is taken interna-
lly, acting directly upon the blood
and mucous surfaces of the system,
thereby destroying the foundation of
the disease, and giving the patient
strength by building up the constitu-
tion and assisting nature in doing
its work. The proprietors have so
much faith in its curative powers
that they offer One Hundred Dollars
for any case that it fails to cure.

TOM SMITH'S OFFICE COMPLIMENTED BY STATE ENFORCEMENT ATTORNEY.

On Inquiry from Sheriff State Agency Cain, States That Pontoc Whisky Account Will Be Checked Up and Remittance Made.

Sheriff Smith, received a very complimentary letter from S. W. Stone, state agency superintendent relative to his report rendered some time ago for his promptness in response to his request. The sheriff had been informed that a part of the proceeds of the sale of confiscated bootlegging paraphernalia would be returned to the county and as no report had been received the sheriff demanded an explanation in behalf of the county's interest, and received the following reply:

"All of the expenses have been taxed up to the county and there has been very little expense incurred that will come under the head of what the state proposes to pay for, but the sheriff says that he intends to see that every cent that can be collected for the county will be collected as soon as such expense can be looked up.

Guthrie, Okla., Aug. 31, 1909.

T. J. Smith, Sheriff, Ada, Okla.,

Dear Sir—With reference to your of August 25th, as to whether there is any proceeds of sale coming back to you from shipments I am directed by Supt. Stone to inform you that there is not. Mr. Stone holds that under an opinion rendered by the Attorney General of the State of Oklahoma, he can pay no court costs or fees, or expenses except those of the actual handling of the liquor, such as drayage, packing, etc.

If you have been to any expense of this kind you will make out an itemized statement of the amount, forward the same to us and the bill will be paid immediately.

Very Respectfully,
F. F. CAIN,
State Agency Inspector.

Mr. John Hayes, an experienced farmer and an Irishman, has sold his farm near Guthrie and is preparing to move to Frisco, this county, and establish his home in the Governor Byrd property which he has purchased.

This purchase of Gov. Byrd by Mr. Hayes, includes a handsome colonial style residence, the former home of Governor Byrd and 240 acres of land adjoining the town of Frisco.

Mr. Hayes, being both an Irishman and a democrat is likely to be of some consequence at Frisco.

UNFURLS FLAG IN HONOR OF NORTH POLE DISCOVERERS

Sacred Heart, Okla., Sept. 8.—The first American citizen of Oklahoma to display the revival of patriotism inspired in his breast by the discovery of the north pole by an American is John W. Bertrand of Sacred Heart, who has an American flag floating from his house top.

"America is the greatest nation on the globe," exultantly says Bertrand, "and Dr. Cook is one of her greatest citizens. The greatest simple thing that an American can do in the discoverer's honor is to unfurl Old Glory.

Bertrand will keep his flag unfurled thirty days.

Special Attention to Ada and Surrounding Country

WE WISH TO EXTEND OUR HEARTIEST THANKS FOR THE patronage of the public for the past four seasons and hope in the future to still show our appreciation to our patrons and friends in giving them values which cannot be duplicated elsewhere, and our honest method is fair and square dealings to all. No misrepresentations nor humbug schemes has ever been our aim. We are here to remain with Ada and our good citizens, and to be worthy of their trust and confidence is our most respected motive. We have no trashy goods to dispose of; therefore we make no baits of worthless merchandise and catch you on desirable goods, but we will give you 100 cents on the dollar every time and make you convinced that your money has been well spent when you deal with us.

Our new fall goods are arriving daily. All the newest fabrics in the most stylish colors are now in. Also the late neckwear, belts, novelties, shoes, ready-to-wear dresses, waists, underwear, suits, coats, silk petticoats, umbrellas will all be exhibited next Thursday, Friday and Saturday September 16, 17 and 18 when our annual fall millinery opening takes place and while we only try to make a legitimate business house of our store and a credit to our intelligent citizens we will also entertain you all on those three days with good music, which will make you feel that your time has been well spent.

Souvenirs given to every visitor to our store during opening.

SAVES THE GAS FOR BENEFIT OF OKLAHOMA

ATTY. GEN. WEST PLACES AMENDED STATEMENT TO ANSWER ON RECORD.

Admits Kansas Needs Gas, Declaring Oklahoma Will Need It If It Is Piped Out of State.

Muskogee, Ok., Sept. 8.—Denying that there is gas enough in Oklahoma to supply Oklahoma as well as Kansas, and that the piping of gas out of the state would greatly damage Oklahoma, Attorney General West today filed an amended answer in the case of the Kansas Natural Gas Company and Eastern capitalists

against Gov. Haskell, Attorney General West and other state officers. The case involves the piping of gas out of Oklahoma. West filed with the answer a motion asking that the injunction secured against the state be dissolved and the case dismissed that the complaints were trying to monopolize Oklahoma gas; that such action was against the State Constitution.

West admitted complainants' statement that there was a shortage of gas in Kansas, and declared it was caused by the piping of gas to the large cities of Kansas and Missouri and that if Oklahoma gas should be permitted to be taken from the state the same conditions would result here as in Kansas.

COOK TO PEARY; LET SCIENTISTS SETTLE DISPUTE

THE DOCTOR SOOL WHEN CONFRONTED WITH PEARY'S ACCUSATION THAT HE IS IMPOSTER.

Cook's Reply to Peary: "I Have the Documentary Proof."

Copenhagen, Sept. 8.—"I have been to the North Pole. As I stated last night when I heard of Commander Peary's success, if he says he has been to the Pole, I believe him."

"I am willing to place facts, figures and work-out observations before a joint tribunal of the scientific bodies of the world. In due course I shall be prepared to make public an announcement which will effectually dispel any doubt, if there can be such, that I have reached the Pole. But knowing that I am right and that right must prevail, I will submit at the proper time my full story to the court of last resort—the people of the world."

"I will not enter into any controversy over the subject with Commander Peary, further than to say that if he says I have taken his Eskimos my reply is that Eskimos are nomads. They are owned by nobody and are not the private property of either Commander Peary or myself. The Eskimos engaged by me were paid ten times what they agreed to accompany me for."

"As to the story that Commander Peary says I took provisions stored by him, my reply is that Peary took my provisions, obtaining them from the custodian on the plea that I had been so long absent that he was going to organize relief stations for me in case I should be alive."

"For this I have documentary proof." This is Dr. F. A. Cook's reply to Commander Peary.

Coming so quickly upon so many dramatic incidents of the week, Peary's dispatch denying that Cook had achieved the triumph for which he has been feted and honored in Copenhagen beyond the lot of any other private person has been read here with feelings of amazement and concern. But Dr. Cook himself seems in no wise disturbed.

He was perfectly cool and apparently unmoved when confronted to night by a telegram from the United States saying that Commander Peary has denounced him as an impostor. His demeanor has not changed in the slightest. Dr. Cook's friends had urged him to their utmost to make any statement possible to the public, but he had said repeatedly that all he had to say for the present was that he possessed proofs that he had visited the Pole on April 21, 1908.

These proofs would in due time be given to the world. When it was suggested to him that his chances of proving his case might be ruined unless he made a statement immediately, he smiled and asked how could a man be ruined by popular clamor calling him an impostor when he had proofs of his case which could and would be published as he had oftentimes repeated, when they were in proper form to be given out.

"Harry Whitney is personally acquainted with all the facts and perhaps what he has to say when he returns may be interesting," added the explorer.

Then Cook remarked quietly: "Make as little of this as you can and don't say anything disagreeable about Peary."

Great Revival.

A great revival is in progress at New Bethel Baptist church eight miles north of Ada, conducted by Rev. Harrell, the missionary of Zion association, of which Rev. James Shirley is pastor. This meeting has only been in progress five days and up to this writing 27 stand approved for baptism.

Under the preaching of Rev. Harrell men and women are convicted of sin in the old time way and when they find Christ they shout and give God the glory.

Lemon Party.

Miss Maida Charleston entertained a number of her young friends last night, with a lemon party in honor of Miss Minnie Lou Hill of Jackson, Tenn. Refreshments were served.

A needle contest was indulged in for some time, Murrell Matthews being the lucky one, winning a lemon stick of candy.

Miss Case Gets \$100.00.

The jury in the case of the law suit between Miss Gertrude Case and Duke Stone returned a verdict late last afternoon, awarding the plaintiff \$100. The verdict was a compromise one, since the suit was for \$400.

It is understood that Judge Stone will appeal the case.

A BIG FIRE AT STRATFORD

THREATENS TO CONSUME THE LITTLE CITY—TWO MEN SEVERELY BURNED.

News Courtesy Ben McKinley.

A fire of serious consequences and of nearly considerable proportions occurred at the neighbor town of Stratford Wednesday morning. For awhile, it appeared that the entire town was threatened.

There was destroyed the Stratford hotel, the Bailey general store, a meat market owned by Massengale and Phillips and their business buildings. The value of the three business buildings was estimated at \$3,000. There was \$1500 insurance on hotel, \$2500 on the Bailey stock of goods and nothing on meat market, the building occupied by the Bailey store was owned by Mr. O. Thomas, formerly of Ada.

Practically all the goods on the street of the fire was removed from the shelves and in the street.

The fire started in a tailor and clothes cleaning shop through the explosion of a can of gasoline.

Andy Byford, assistant tailor, was severely burned by the fire which covered him, and Mr. Plumber, the tailor, in his heroic work to smother the fire burning Byford, suffered his hands and arms to be severely burned.

GEN. CORBIN DIES IN NEW YORK

SERVED AS ADJUTANT GENERAL DURING SPANISH-AMERICAN WAR.

New York, Sept. 8.—Gen. Henry C. Corbin died at the Roosevelt Hospital here early this morning after an operation.

Deceased was 67 years old. He had been suffering from renal disorder for two years. Burial will be in Arlington cemetery, Washington. He is survived by a widow, and three children by his first wife.

Gen. Corbin was born in Clermont, Ohio, in 1842. He entered the Union Army as a Second Lieutenant and at the close of the war had gained the rank of Brigadier General. He then entered the regular army and saw service in Texas, Arizona, Mexico and Kansas for a number of years.

Gen. Corbin was with President Garfield at the time he was shot and at his bedside when he died. He was adjutant general during the Spanish-American war and was given the title of Major General by congress in recognition of his services.

Steel Ring for His Backbone.

With one segment of his backbone missing and a steel ring doing service in its place, A. L. Austin, a laborer of Douglas, Wyo., is slowly improving and the attending physicians now hope that he will recover.

Austin's back was broken when a shed collapsed. He was caught under a heavy timber and one of his vertebrae splintered. When taken to the hospital he was paralyzed from the waist down.

The broken bone was removed and the steel ring inserted and he has now recovered partial use of his legs and is steadily improving.—Duluth News-Tribune.
